“ While being best friends with Renee on Paulina Street my fondest memories of Alice were when I was a kid. She always had a big hug for me when I needed it the most. Alice also told me "I love you" she was a Mom to me as well. And boy could Alice bake I loved her chocolate fudge. Now my own daughter makes Alice's fudge!

Now not a day goes by without me telling my own kids "I love you". I learned that from Alice. Her hugs and "I love you ' are like her favorite song, unforgettable. When I count my blessings Alice Turco "Mom " is unforgettable. I love you Alice.

“ *After my parents died Alice Turco became like a second Mother to me keeping me on the right track and many times inviting me over for dinner making sure I was eating good and not just fast food. She is a great compassionate soul who I will never forget. If you looked up the definition of kindness you would find her picture below it. The world has lost a great woman but now Heaven has gained one!*
