“ *I met Chris and Mariah when I was going thru a very difficult time in my life. He welcomed me into the neighborhood, into their home, and into their lives. I needed support and encouragement... and ppl to treat me w/respect... and he did that. I just found out about his passing yesterday. Bless his children, and may they remember a loving, positive Chris. I'm so very sorry for your loss...my name is Gena... and I considered him a friend.*
