“ There are no words to tell you how devastated I am. Donny was like a brother to me and I loved him as such. I wish I could go back in time and stop this from ever happening. If I was having a bad day Donny would always be there to listen and tell me what I needed to hear. He always got me out of whatever funk I was in. I remember once when Donny was having a horrible week. Nothing went right and he was really down and felt like he needed to just throw in the towel. I told him that it would completely devastate me and I would be totally lost. Well now he is gone and I am totally lost. Donny and I had an argument like Brothers do and we hadn't talked to each other for a short minute. I let my pride get in the way of calling him up and just saying sorry for being an asshole. Now its to late. I can only hope that Donny can hear me now saying im sorry and I wish he was still here with me. We both had Dreams of different things we were going to do together. Now those dreams are broken and can never be put back together. However I do believe Donny is with me. The day after he passed I found a golf ball in my yard. If anyone knew Donny they would know how much Donny loved to hit golf balls. So now I will keep this golf ball in my pocket knowing that Donny is still with me. Rose if there is anything you need, please do not hesitate to contact me. I am sure I will see you soon. Donny. Till we meet again my dearest friend.
