“ I found out by accident today that Donna had passed. She was such a good friend to me and co-worker at Fermilab. She helped me out so many times and taught me so much; and, I remember her as being fiercely defensive of the other members in her group whenever there was any criticism. I admired her for never being afraid to speak her mind. She was a special person and I'll miss her.

“ I knew Donna from a group of quilters who annually met in Paducah, KY, for the AQS (American Quilt Society) quilt show. It was a pleasure getting to know Donna over the years. We shared some fun times and the love of quilting and yes, a few garage sales. She will be missed especially during Quilt Week in Paducah.
