“ *I am sorry I was unable to make it to the service. After working With Eleanor for sometime she really took a place in my heart. Its hard to believe. She was an a amazing woman and a great friend. R.I.P my friend. My prayers go out to all her family and friends. Her and I used to love spending time after my work was done talking and playing with Annie and Toto.*

“ *So sad to hear of Elanor's passing. I used to enjoy visiting with her and Bill before he passed with my Mother-in-Law Dr. Hayes. Jo and I would sometimes see her at Kankakee Natural foods when she worked there, we would always spend a few minutes chatting and catching up. We are so sorry for your family's loss, she was such a beautiful person and will be missed by us.*

“ *I was so sorry to learn that Eleanore had passed away. My heart goes out to her family. I first met Eleanore back in the early 1970s as a young Medical Technologist in the lab at St. James. I learned early-on to appreciate this hard-working, caring woman who helped me throughout my career. Always cheerful and knowledgeable, she was the glue that held our department together. I miss her dearly.*

“ Have many fond memories of Miss Eleanor, having dinner with her, watching her play with our puppy (who loved her too!) but most of all just talking and listening to all her stories. She loved her family so much and talked about them often. My husband Jim and I send our prayers to all of them. Rest In Peace my sweet friend I will never forget you! Sending my love to you! Fly high sweet angel. Tammy Dumblauskas
