“ *Last weekend was the gladiolas festival in Momence. Dad used to take us to the antique car show on the island the morning of the parade. We would walk all around the exhibits. He could tell you the year/make/model of all the cars. After we perused all the cars, we would go to lunch, then to the parade. There is a corner where our family always sat.*

“ Glenn was so caring for our Manteno Veterans, and always made sure they had wonderful meals at the Kankakee Elks Club. We ladies from the Kankakee Emblem Club who worked with Glenn always felt his kindness and consideration of others. He will be sadly missed.

My Sincere Condolence
