“ Oh Logan you touched so many of our lives. I think every pediatric nurse in Kankakee took care of you at one time or another. You had a rough journey, but you never let it stop you from living your life to the fullest. Many hearts are broken now, as you continue your journey without us. Fly with the angels now. It was a privilege to be your nurse, during your growing up visits. Val you have all my love and sympathy during this time. God bless you and Logan. 💔😭🙏

“ I have more memories than I can count with Logan. Anytime the thought of a fishing trip occurred he was the first person I thought of. We use to go on spur of the moment camping trips with uncle ben, our cousin luke, and Jim Hoffman. I remember tucking in tires and rolling each other around when uncle ben worked at the tire shop. We use to drive our grandma's tractor down to the creek all the time and catch suckers out of the creek. We salmon fished salt creek in Indiana and caught so many steelhead one trip it broke the landing net we were hauling them back to the truck. One memory stands out and makes me laugh every time I think of it. We were fishing at kankakee state park and Logan and I were wading out in the river in waste high water. I remember him in a panic over having to poop while we were in the river. There were no bathrooms nearby so he decided to go where we were. Little did we know there was a guy fishing about 30 yards downstream from us. Later that day when we exited the river the same man was walking up the embankment where we were exiting and gave us a filthy look of disgust. As he passed us we both laughed and joked around about the incident ever since. All of us argued with Logan growing up cause he seemed like the crabby kid. As we matured and time went on all of us looked up to him cause there is no one that could deal with what he went through and keep their head up and keep trucking through life the way he did. I love you Logan you were an inspiration to a lot of people and we're all gonna miss you a lot.
