“ Moe was more than a friend - I considered him family.

*My parents were close with him from my earliest memories & the time we all spent together impacted me as I grew older.*

*While I surely appreciated the variety of entertainment options provided, I know now it wasn't the things that mattered. It was the intent behind them.*

*He always wanted everyone around him to have fun & and I have proudly carried that spirit forward.*

*A constant presence through so many major events, it is fitting that I last saw him at my father's memorial gathering just two weeks ago.*

*Even though he is gone, the light & laughter he provided will remain. I am a better person for having him in my life.*

“ Moe was a loving friend of the family that will be missed. While our parents spent time to shoot the breeze at his house, he always cared for the kids ensuring that we were well fed and well entertained with toys and later video games. He was gracious and blunt about his Vietnam service for my high school interview project by sharing a trove of pictures and stories. As us kids grew up, we shared in our disappointment in seeing the Bears lose and joy in him showing off his new car or truck. Family and friends were his top priority and we send the same love.

*Condolences to Christopher and family in his memory.*
