“ *Nancy and I have had many talks over the fence in the past 23 years. She has watched my kids grow up and start their own families. It has been so hard this past year not being able to have our talks like we have had in the past. I am so blessed to have known her. She was such a great mentor and inspiration. Never complained about anything and such a loving person. Nancy I will miss you dearly.*

“ Nancy and I were classmates and good friends in High School and Larry, Nancy, Bob & I remained friends even after High School though we were miles apart. Our hearts are aching for Larry and the family. The last time the four of us were together was at our 50th class reunion and we had a wonderful evening together.

“ Nancy & I have been friends since we were in high school. We were in Girl Scouts together and for my 16th birthday she gave me a charm bracelet with a profile head with my name on it and I added many, many more to that bracelet. Such good memories. I will always remember fondly of the times we shared in our youth. My deepest condolences to her family. May God comfort you all ❤️🙏
