“ *Picking one memory out of all of the memories is impossible. But to just touch on a few:*

*\* Your love for the kids can never be replaced. No one will ever love them how you did. Best grandma ever.*

*\* What are my animals going to do now with no one to come over and bring them treats?!*

*\* My FaceTime calls to you even on the days that I knew you were annoyed with getting a bazillion calls from me.*

*\* Your insistence on me using a cane instead of crutches.*

*\* The special bond you had with Gomer and how he always lit up whenever you came over.*

*\* Your love for the birds and squirrels and how you always fed them. I already miss hearing your voice. Wish I would have gotten so many more photos and videos.*

*Will always have a hole in my heart now and everything will be totally the same and totally different all at once. Love you mama.*
