“ *Your mom was great growing up all of us kids. I can't ever remember her getting mad , she made all of us kids feel welcome. The big blue house. Ruth say hi to my folks, we all will miss you. Rusty.*

“ *We were so shocked and sorry to hear about Ruth's passing. What a great picture of her. She was always fun loving and you couldn't help smiling and sharing a laugh when you spent time with her. We have lots of memories from our years as next door neighbors. During the blizzard of about 1978, Ruth & I were attempting to clear our driveways. The town snowplow driver took pity and plowed them for us. Of course, we claimed we did it ourselves.(: Hugs to all of the family, Barb & Elliot Kolsto*

Ruthie was one of the most caring, loving, dedicated people I ever had the pleasure of knowing. I know I only saw her a few times after she retired but I always had her on my mind. Let this be a lesson to all of us. Life is short. Pick up the phone, make a call, grab the keys and take a ride. Just do something to reach out to the people that mean so much to you.

You all have my deepest sympathy and I will keep all of you in my prayers.
