“ *steve was my father. i miss him more and more each day. i will always hope things never went down and that he could still be with us today. he will miss special moments in our life that i would hope he could be here to see. i look at pictures everyday of him. he was the best. would always find a way to cheer us up when we were sad or upset. he would show up to every softball, basketball, and volleyball game we had. he would always show his love and affection for his kids.*

“ *I am so sorry for your loss. I am actually shocked, I just found out today that Steve had passed. I coached both Breanna and Brittany for basketball a few years back. He always came to his daughters games. This news saddens me especially because he was so young. I will keep your family in my prayers. May God give your family the strength to get through this tragedy.*

*Our Sincere Condolences,
The Baeza Family*

“ Steve's smile could light up the room, but the smiles that he would give to his kids light up the world. Devoted father, son, brother, uncle. He would make fun of me like he was my own brother, and I thought of him that way. So many memories to remember him by I could go on forever. He loved his family more than anything in this world and would do anything for each and everyone of them. He left this world way too soon. Things will never be the same again and our hearts break for everyone that was lucky enough to call him a friend, brother, son, father. We love & miss you Steve. Forever in our hearts you will be <3

Steven was a cousin but we never really had contact with each other, but when there is news of a relative passing away it is always so sad to hear, My prayers go out to his family and know that he will always be your angel. and I pray God will put his arms around you and help you through this very sad time.
